

MS-1WL

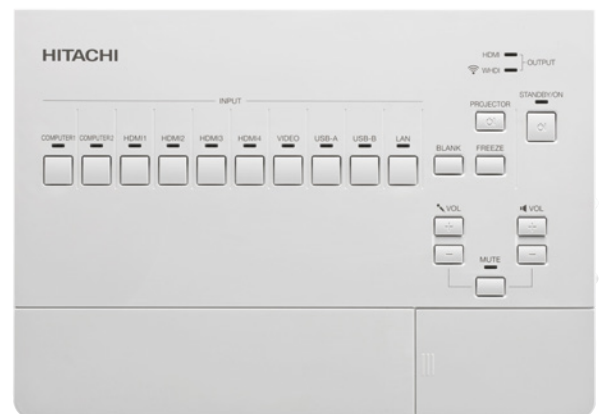

INNOVATE
The Future of Projection

WIRELESS MULTIFUNCTIONAL SWITCHER/SCALER

The MS-1WL Wireless Multifunctional Switcher/Scaler lets you connect multiple devices – laptops, cameras, media players, even smartphones and tablets – to your projector, and switch between them at the touch of a button. The bundled WR-HD1 receiver provides a simple wireless link, allowing your projector to be located wherever you need it. Instead of struggling with multiple cables, you can switch seamlessly, improving visual impact, reducing installation costs and helping you to deliver smooth, professional presentations.

- Reduces installation costs
- Accepts analogue & digital video and computer input, USB, wireless (optional) and audio connections
- Provides full HD output
- Wireless projector link – for easier installation and greater versatility
- Remote projector control feature – on selected models
- Controllable by network/web
